The purpose of this international conference is to give floor of the young scientists – PhD students, lecturers and early-stage researchers, to present their scientific research to the academic community and to discuss their views with Bulgarian and foreign scientists and experts. The conference is also open to students (undergraduate and graduate) presenting their interests and research. Students participate in sessions and discussions with distinguished professors, academics and business representatives. This scientific forum is held for the 20th time in a row, and the published scientific results of the previous conferences prove the significant potential for the future professional development of young scientists. The format and organization of this scientific event are aimed at creating an academic atmosphere that favours dialogue and the exchange of ideas between the different levels of the academic college.

Thematic sections of the conference:

1. Financial policy, financial markets, banking, investments, insurance and social insurance;
2. Accounting policy and practice, accounting standards, financial audit, control systems and internal control;
3. Research and science, research and development, science-business connection, innovation, competitiveness, project management;
4. Entrepreneurship, management, marketing, corporate control and business development in Bulgaria, in the EU and on a global scale.

Conference venue: University of National and World Economy (UNWE), Sofia, Bulgaria – Large Conference Hall and Small Conference Hall, and online via MS Teams electronic platform.
